

About Broadway Plays And Players

By RIDE DUBLEY.

NEW YORK, Nov. 1.—There's a stirred atmosphere of "what's coming" with the Actors Equity association. Not as long ago a big show was in financial straits in another city. The Equity immediately despatched this man to the scene and he found attachments of various

W. F. HUPP, of Akron, Ohio, who says he would not take one thousand dollars for the good Tanies has been fully restored and that he has gained over 20 pounds.

"I would not take one thousand dollars for the good Tanies," said W. F. Hupp, 323 Camden St., Akron, Ohio, for the past ten years a valued employee with the Firestone Tire and Rubber Co.

"I will always owe a great debt of gratitude to Tanies," he said, "because it restored my health completely after everything else failed, and I have gained over twenty pounds. I can now eat better, sleep better and work better and I feel like a brand-new man."

"Before taking Tanies, my stomach and my stomach was terribly disordered. I was nervous and weak and could neither eat nor sleep to do any good. I seemed to be eating down hill every day for six years. Finally, my condition became so rundown that I lost one or two days from work every week. But now, since any trouble has been overcome, I can hold my own with any man at the plant, and after working hard all day, I get in bed at night and feel like the owner of the world."

"After seeing the good Tanies did me, my wife began taking the medicine and now she says she feels better than she has in years."

"Tanies certainly beats anything I ever saw in my life."

Tanies is sold in El Paso at Cordell's, in Ft. Hancock by Ft. Hancock General Store Co., and in Fabers by Fabers Drug Co.—Adv.

HOROSCOPE

WEDNESDAY, NOVEMBER 2, 1920.

THIS is not an altogether satisfactory day, according to astrology. While Venus and Jupiter are in benefic aspect, the sun and Uranus are adverse.

The sun is held to be a fortunate one for the business affairs of women. Whatever their venture at this time should prosper, but not without serious obstacles are overcome.

While the stars declare that great opportunities are open to women in the new year, there will be many delays and disappointments, due to the mutual opposition caused by the old order of things.

There is a sign read as indicating great dissatisfaction with women among political leaders, who will blame the new voters for many mistakes of which they were not guilty. Uranus is in a place supposed to encourage faultfinding between men and women and even misrepresentation and treachery are indicated.

This should be a fortunate rule under which to work in theatrical matters. Players more than managers are affected by this government of the stars.

Great activity in many lines of business is foretold and the stars are read as giving promise of much aggregate profit in small amounts.

Again Great Britain seems to be under the shadow of war, for military and naval operations are foretold. India, Turkey or the near east may be connected.

Jupiter gives warning of a sharp decline in securities, or a depreciation of values that will be speedily over-come.

Thrill is connected, for the stars indicate that with the beginning of the year the dramatic powers will feel the pinch of necessity.

Economy is prophesied as one of the watchwords of the coming months.

There is a place read as forecasting serious fires in cities. There is a sign read as indicating incendiarism.

Uranus continues to give warning that explosive will be used as part of the forces of evil which will be active during the winter months.

Persons who are attracted to the have the security of much happiness in the domestic circle. Danger of dissensions and misunderstandings in business is indicated. The young will court.

Children born on this day may be sensitive and inclined to be bitterly sarcastic. These subjects of Scorpio usually win the highest places in the coming year, the stars are so great for them to attain. Copyright, 1920, by McClure Newspaper Syndicate.

BANK PRESIDENT ACTIVE AT HIS DESK AT AGE OF 100

Denison, Tex., Nov. 1.—The active vice president of a bank, although more than 100 years old, was the record of Col. J. B. McDougall, who died here. He probably was the only active member in the United States whose years had stretched beyond the century mark. Col. McDougall was at his desk in the Denison Bank and Trust company every day until three weeks before his death.

From The Herald of This Date, 1906.

HOLLAND REFUSES TO LET BELGIUM HAVE MAN FOR TRIAL

The Hague, Holland, Nov. 2.—Holland, which refused to surrender the former German emperor to the allies for trial, has another knotty problem in a demand from the Belgian government for the extradition of Prof. de Vreese, formerly librarian of Ghent university, a political refugee and now librarian at Rotterdam.

Professor de Vreese is one of the Flemish Belgians, who during the German occupation of their country, sought, with German aid, to separate Flanders, the Dutch speaking part of Belgium, from the French speaking part. Many of them, when the armistice showed Germany beaten, fled to Holland. In their absence, they were convicted of treason and some of them are under sentence of death. Prof. de Vreese is accused as a leading "se-

cret" in the Flemish separation movement. Considering this a political offense and therefore not extraditable, the Dutch government would not give him up.

EX-KAISER PAYS HEAVY TAX TO HOLLAND TOWN Doorn, Holland, Nov. 2.—The village of Doorn now begins to look upon the former German emperor as a welcome

guest. His residence here, under the new tax arrangement levied on the village, is expected to increase the town's income by about \$12,265 annually, being about 25 percent of the entire municipal tax receipts of Doorn. This is the municipal share of the anticipated revenue from taxation of William's income which the Dutch government had estimated at the normal equivalent of \$223,500 annually.
